Hi Stephanie,

I have attached a scanned signed copy of the original letter and both certified mail receipts to demonstrate when it was mailed. I dated the letter for the 21, of August but the date was actually the 20 of August. Hope this does not cause an issue. The response was mailed on August 20, 2012 as it shows on the cert card.

We have reviewed our FTE costs over the first two quarters of 2012 and found that we may need to add 0.1 FTE to Nick Seals time for Pretreatment starting in 2013. No other changes were made during the 2011 year, the FTE cost sheet of 2011 is currently correct, and has remained the same since we made serious changes after your inspection. Our costs were \$117,934.80 in 2011, previous costs were \$98,000.00 in 2010, and \$67,000.00 in 2009. The cost of our sampling increase significantly in 2011, and in 2012 we will show an increase also. Yes we have increased our resources since your inspection, they have almost doubled. This will continue to insure compliance with the program.

Hope this answers all of your questions.

Let me know if there is anything Mike or I can do.

Hi Randy,

I haven't received the signed letter yet. I've also been checking with the others in my group in case it was placed in the wrong mailbox. Sorry for the inconvenience, but could you please send another signed copy? Feel free to attach a copy of any certified mail receipt to demonstrate that you sent it earlier.

Also, I reviewed the costs for FTEs, you sent via email. While this is helpful, I just want to be clear on whether the City has any added FTEs to pretreatment. The FTE cost sheet does say, "We will be reviewing our FTE's and making some changes over the next quarter. We may possibly add a little more resources to the Pretreatment Program to insure our continued compliance." Have FTEs dedicated to pretreatment remained the same since the inspection?

Thanks,

Stephanie Gieck

Hi Stephanie,

You should have received the information and letter last week.

I have attached a copy of each document we sent to you.

The letter I sent to you was signed and on City letter head, this one is just the draft copy.

I will scan the one sent and forward it to you.
